

# Deluxe34 R

resonator stand

The Deluxe34 Resonator steel stand has brackets custom sized to the neck and a Y shape to support the bout. These brackets are sized with a 1/4" tolerance to allow the user to position the steel on the stand easily. The neck bracket has a height adjustment and three location holes to accommodate the difference in scale lengths.

Custom bout brackets available for larger body resonators

The brackets are mounted on a 2-1/2" wide aluminum base. Weight is 9 lbs in the case.

R3 \$295.00

R4 \$325.00

The cradle is milled for 3 and 4 legs. You can decide which is best for any performance.

The Deluxe34 RESONATOR stand comes with a heavy duty 600 denier 2 ply carrying case and a choice of 3 or 4 chrome on steel legs. A 1/8" cork pad is attached to make a soft and firm surface to cradle your steel guitar. Rubber padding is also available. Other leg options available.
